GIN INSURANCE

The season for insuring gins is about here, and I am better equipped than ever to handle this class of business. My companies' rates are as reasonable as the hazard will admit and are as low as any reliable company.

I am also in position to insure country property—i. e. dwellings and country stores.

Nothing but Reliable and Strong Companies Represented

I am agent at Bryan for the Oliver Typewriter, the only standard visible writing machine.

PLUNGE TO ETERNITY SECONDARY INFECTION

Frightful Accident Happens to an Excursion Train.

DEATH LIST IS LARGE

Scenes of Horror Were Witnessed as the Unfortunate Passengers Struggled in the Water to Escape Drowning.

Norfolk, Va., Aug. 18.—Owing to the inability of Engineer D. L. Reig to control his air brakes an excursion train from Kingston, N. C., bound to this city, plunged through an open draw in a bridge over the western branch of the Elizabeth river at Bruce station, eight miles from Norfolk Thursday afternoon and fifty persons, mostly negroes, were drowned. Up to a late hour that night ten bodies had been recovered from the wreckage. The list of injured, so far as could be ascertained, numbers nearly one hundred, though most of these are only slightly hurt.

A large number of physicians from this and nearby cities were sent to the scene. Among the victims the only whites were Edward Joffe, manager of the excursion, and Edward Forbes, who assisted him, both of Greenville, N. C.

A force was sent to the scene to raise the sunken cars, which lie in about twenty-five feet of water. Until the cars are raised no accurate estimate of the number of dead can be given. The train was composed of an engine and six passenger cars. The engine and two cars went through the draw, leaving the four rear cars on the track. One car was completely submerged. Nothing is visible of the engine, not even the smokestack. The scene following the wreck was one of horror, with men and women and children who were drowning, struggling out of the partly submerged cars and floating in the river. The uninjured passengers immediately began to rescue those imprisoned in the cars. Many people in the neighborhood went to the scene and helped in the rescue. The injured were taken to the track embankment and were attended by physicians.

Collins Ferguson, the negro bridge tender of the Atlantic Coast Line, was knocked from the bridge by the impact and killed. Engineer Reig and Fireman Cooper, a negro, escaped by jumping.

EIGHT-HOUR STRIKE.

Committee Recommends That This Action Be Taken Jan. 1.

Toronto, Ont., Aug. 18.—The convention of the International Typographical union decided to meet at Colorado Springs next year.

The case of Shelby Smith, the Philadelphia publisher, was under discussion Thursday.

At the afternoon session the eight-hour committee completed its report, which endorses the eight-hour campaign now being waged, and recommends a strike on Jan. 1 against employers who do not accept the new hours laid down by the union. Samuel Gompers, in his address, commends the stand the union has taken on the eight-hour fight.

Will Back Typothetae.

New York, Aug. 18.—The Periodical Publishers of this city adopted a resolution that the Periodical Publishers of America should pledge their support to the United Typothetae in their determination to resist the present adoption of the proposed eight hour rule of the Typographical union.

SEVEN BABIES BORN.

Most Wonderful Case of the Kind Ever Recorded.

Honolulu, Aug. 18.—A dispatch by wireless telegraph from Hilo says that Jana, the Hawaiian wife of Kallue, a Chinaman, gave birth to one child on last Thursday, two on Sunday, one on Monday, two on Tuesday morning and one on Tuesday night. All are dead.

CONFERENCE ASKED.

Clergyman and Woman Companion Shot by Quarantine Guards.

Shreveport, Aug. 18.—Texas and Arkansas state health authorities have been requested to arrange for a conference with health authorities of Shreveport with a view toward rescinding present quarantine restrictions so far as this city is concerned, so that passenger traffic over all roads may be resumed.

Tracy and Miller, the two detention camp fever patients, spent nearly an hour Friday exercising in the recreation tent which is erected about 100 yards from the camp. Both are gaining in strength daily.

Quarantine guards at Post 3 fired upon and wounded Richard Steele, a preacher, and a woman companion as they were returning to their home in the western city limits Thursday. The condition of both is serious. The shooting is said to have been accidental.

This Stage Being Watched For in Terrebonne Parish.

CASES AT PATTERSON

There Are Fifty-Five Patients, but the Mortality Has Been So Little as to Excite Hardly Any Alarm.

New Orleans, Aug. 18.—An analysis of the report for Thursday shows that thirty-two of the seventy-four new cases of yellow fever appeared in the heart of the originally infected quarter. The explanation given by inspectors is that after their own houses are disinfected and the mosquitoes killed that some Italians go around and pay visits to sick friends, become infected and carry the fever home with them.

The situation shows Canal street continues to improve. In that section obedience to government regulations is more general and the results are plain. While the report Friday morning showed five new cases, only three new squares are infected.

The unexpected decline in the death rate is giving such a feeling of satisfaction here that people are beginning to believe the possibilities of the visitation have been overdrawn. Doctors, however, say the low death rate is due to the fact that practically the whole community has been educated up to the necessity of calling a doctor the moment high temperature develops, in consequence of which most cases are taken hold of in their incipency and are soon on the road to convalescence. One of the results of the campaign is likely to be an insistent demand hereafter that all doctors and all citizens shall pledge themselves to make known the appearance of the first suspicious case.

So successful have the authorities been in removing foci in the upper section of the city that the belief is general that if the first cases here had been promptly reported they could have been handled, the infection stamped out and New Orleans spared a quarantine of long duration.

Bon Ami and Arodyne plantations, in Terrebonne parish, are practically free of fever now, but a close watch is to be kept for secondary infection.

At Patterson, while the total cases reached fifty-five, the death rate has been so insignificant that the early alarm has passed. Alexandria has still only one case, but desires an expert to be sent thither in order that the entire town may be examined for suspicious fever.

There is considerable interest here over the proposed house to house inspection at Gulfport, because Gulfport has been doing a large maritime trade. There has always been some apprehension here that the fever might slip into that city.

The board of health at Lake Charles finds itself helpless to make headway against the state of public opinion in the town. The health authorities desire to put on a sane quarantine, but municipal officials and citizens generally have ranged themselves on the other side. All efforts to open the doors to freight from New Orleans have been unsuccessful.

President Souchon has asked the railroads to run small trains to infected points in order to furnish supplies to the people. Dr. White has endorsed the recommendation both as a means of relief to the people of the stricken communities and as a sanitary measure of the highest importance.

Zachary, La., has ordered the Mississippi Valley railroad to move all its camps in the vicinity of that town. This action is based on reports that Italians are joining the camps and may infect the locality.

Only one death was reported Thursday night at New Orleans.

Up to noon Friday there were fourteen new cases and one death.

The state board of health here learned from a physician who had done duty among the sick on Riverside plantation, St. Mary's parish, that there had been a total of forty-eight cases and three deaths.

Colonel Mosby will resume investigation of Indian guardianships at Muskogee.

Shreveport citizens appeal to Texas and Arkansas authorities to raise quarantine.

Galveston saloons must close from 12 o'clock midnight to 4 next morning—four hours.

Denison city council appropriated \$100 per month for three months for quarantine purposes.

A. C. Young, charged with killing his uncle, was remanded to jail at Kaufman, Tex., without bail.

San Antonio business men protest against municipal muddle and demand fire insurance protection.

Oklahoma School Superintendent Baxter is flooded with applications from parties desiring to teach.

Judge Rowell, serving his fourth term as county judge of Marion county, Texas, has resigned to practice law.

Application of coal oil saved little Pauline Boyd, bitten on a foot by a copperhead snake at Clarksville, Tex.

At Marlin, Tex., Jim Young, a negro, was convicted of criminal assault on a little girl of his race and given twenty-five years.

THE MORNING EAGLE

Entered at the Postoffice as second class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c - Per Month, 40c

SATURDAY, AUGUST 19.

According to newspaper reports, some people over in Mississippi have had yellow fever for several weeks, and don't know it.

Grimes county is considerably agitated over the prohibition election to be pulled off Sept. 5. Both pros and antis are holding meetings.

A bank with a capital of only \$14,000 is a pretty small affair. One of those chartered Thursday at Austin was capitalized at that figure.

Precinct No. 3 in Robertson county voted "dry" in an election Thursday, the 17th. This leaves the eastern portion of Robertson dry, and the western part wet.

Dr. D. F. Houston, now in the Eastern States, is said by an Austin dispatch to have wired a friend in Austin that he will accept the presidency of the State University.

The Agricultural and Mechanical College Club of College Station, Texas, has been chartered. The purpose is maintenance of a boarding club, and the capital stock is \$5,000. Incorporators: S. E. Andrews, R. F. Smith, F. E. Giesecke, C. P. Fountain, Jno. A. Lomax.

That is a remarkable case of personal influence recorded in the case of the negro assaulter saved from lynching at Paris Thursday by a speech. It was an aggravated case, yet the speech of County Judge Love, made to the crowd while they had the negro in hand, with nothing to prevent them wreaking vengeance, stopped the lynchers and preserved the peace. Judge Love made a strong appeal to the mob to desist for the good name of the county,

telling them that they would receive the commendation of good people all over the United States if they would stand out for law and order and let the law take its course. His address acted like magic on the mob, which at once weakened and carried the prisoner back to the court house and turned him over to the sheriff. The leaders of the mob after surrendering the prisoner held a meeting and appointed a committee of twenty, which met in the sheriff's office and passed resolutions indorsing the action of the sheriff, declaring the sentiment of the people that the prisoner should not be removed from the county and demanding a speedy trial.

AN EXPLANATION.

Col. R. M. Johnston of the Houston Post is said to be a warm supporter of Colquitt for governor. There is something wrong with that proposition or with Colquitt, one or the other.

The foregoing paragraph appeared in the Eagle a few days since. Our attention has been called to the fact that it seems to be a personal reflection upon Col. R. M. Johnston. The "something wrong" referred to political, or rather factional alignment, and was not intended to convey the impression that there is anything wrong about Col. Johnston as a man.

The full meaning of the paragraph, or what it was intended to mean, is this: Mr. Colquitt is making a campaign for governor along the lines of agitation before the farmers that the railroads charge too much for hauling cotton to the seaboard; that they should do more for the truck and fruit growers than they are doing; and that, in general, he (Colquitt) would like to apply the screws much more vigorously to the railroads than the commission is now doing, and would do so if he could get his two associates to line up with his views.

Now for such a strenuous railroad regulator to receive warm support from Col. R. M. Johnston seems a little peculiar. Mr. Johnston has been identified with the

Hunter & Chatham

Men's Furnishers

conservatives in conventions of the past—notably the Houston convention when harmony was so rudely disturbed by that chief of agitators, Mr. Hogg. Mr. Johnston's actions have not indicated that he believes the dear people are being skinned; he has ever seemed to be in line, when it comes to the scratch, with the alleged skimmers. Now for Mr. Colquitt, making such a campaign as he is making, and lining up the farmers in his column on such issues as he is raising, to be supported by Col. Johnston, seems a bit peculiar. That is all the item meant, but it is enough to cause some little wonderment on the part of the "long-sufferers."

SEVEN DOLLARS & 50 CENTS

buys a good cherry dresser, washstand, a bowl and two pitchers. F. H. Selden, old Platner place. 220

Foul Play Feared.

Chicago, Aug. 18.—R. H. Davidson, a building contractor, is missing from Chicago, and his friends and relatives think he has met death at the hands of union labor "slugging" gang.

CARLOAD OF CORPSES.

Divers Made This Gruesome Discovery Friday Noon.

Norfolk, Va., Aug. 18.—At noon Friday divers went to the bottom of the river at the scene of the wreck and found a carload of men, women and children, these being victims of the first car behind the engine, where bodies went into the river, one end of the car dropped out as it was raised by derricks.

Stabbed Himself.

New York, Aug. 18.—Joseph Uhalt, a dying state in Central park from self-inflicted stab wounds.

MINOR MATTERS.

City Salesmen's association has been organized at Dallas.

Dallas county tax rate has been raised to 54 cents on 100.

Wind demolished Christian church and a residence at Walter, Okla.

Thomas W. Harris, a leading business man of Dallas, died at that city.

George W. Imes was run over by a wagon near Apache, Okla., and killed.

Panama, Aug. 18.—It is currently reported that the suspension of engineering operation on the canal is owing to the exhaustion of the congressional appropriation.

COUNTERMANDS ORDER.

Judge Richards Says Wanamaker and Daughter Forfeit Southern Respect. Weatherford, Tex., Aug. 18.—Judge J. M. Richards of Weatherford was so thoroughly indignant upon reading of the entertainment at Saratoga of Booker T. Washington by John Wanamaker that he lost no time in countermanding an order for some goods. In the personal letter he wrote Judge Richards, who is by birth an Alabamian, used this language:

"My reason for cancelling this order is because of your shameful encouragement of the negroes of the United States to aspire to the plane of social equality with the whites, as evidenced by your entertainment of Booker Washington in the dining room of the United States hotel at Saratoga, N. Y., Aug. 13, when and where, as the newspapers report, Mrs. Barclay Warburton, your daughter, (evidently with your consent and approval) was escorted to the dining table by this noted Alabama negro. By that brazen disregard, on your part, and by your daughter, of the social distinctions that society in general has recognized as proper between the Caucasian and the African races you have forfeited the respect of such refined persons—north and south—as recognize such indelicate acts as open encouragement to the impossible aspirations of ignorant insolence.

Such conduct, as you well know, is an insolent defiance of one of the most highly cherished and jealously guarded of southern sentiments—that of white supremacy and social exclusiveness. You should not, therefore, be surprised if we, in a measure, show our resentment by declining to buy or wear clothing sold by you."

ICING CHARGES.

Contracts Between Companies and Railroads Introduced in Evidence.

Austin, Aug. 18.—Hearing on icing charges were resumed Friday. The most important point developed was brought out by Assistant Attorney General Lightfoot showing contracts on file between ice companies and railroads, that the roads transport one ton of ice 100 miles for 75 cents. Judge F. B. Ginn of Rusk, a fruit grower, was on the stand all Friday morning. He said that under the present rates fruit growers are discouraged. Under cross examination Judge Ginn said that he was not in sympathy with Commissioner Colquitt's idea of having roads do all of the business, such as icing and selling fruit, after it arrived in market. The Houston Packing company and Southern Pacific railroad asked to be exempt from any order the commission might make in the premises.

LOG ROLLING TRAGEDY.

McDuffey Fatally Shot in the Bowels and Turner Arrested.

Bonham, Tex., Aug. 18.—At the Woodmen log rolling in the pavilion two miles north Kinney Turner and Horace McDuffey, both residents of Ector, six miles west of Bonham, had a difficulty. McDuffey was shot in the lower bowels. He lingered twelve hours. Turner was placed in jail. It is alleged McDuffey drew a knife on Turner.

Crushed Between Cars.

Fort Worth, Aug. 18.—F. E. Wells, a young man, was crushed between cars on the Fort Worth Belt line at North Fort Worth. He died. Wells was an employee of the Southwestern Mechanical company, which does switching for the Belt line.

PAPERS PESSIMISTIC.

Japanese Indemnity Demand Is Not Favorably Regarded at London.

London, Aug. 19.—Morning newspapers continue to be pessimistic regarding peace negotiations, although in some notable instances there is evidence of a desire to hedge on the uncompromising attitude assumed in the earlier stages of the Portsmouth conference. The most notable of these is the Daily News, one of the oldest London papers, which, in closing a lengthy editorial on peace negotiations, says: "Our desire that Japan should waive a claim, which in the present condition of the combatants is without precedent, is shared by the united nations of Christendom. If Japan stands out for indemnity she will forfeit most of the sympathy and financial support which she has hitherto enjoyed in this country and the United States."

The Daily Telegraph's correspondent, who three days ago estimated chances against peace at 100 to 1, now distinctly concedes the possibility, if not probability, of a solution of the crucial points being reached by mutual concessions.

The Daily Telegraph's Tokio correspondent says that there is a distinct change in feeling in influential circles there on peace proposals. He considers peace prospects excellent. A strong memorial to the throne, the correspondent adds, has been received from Field Marshal Oyama and all generals at the front strenuously advocating opposition to stronger terms.

CORD AROUND NECK.

Young Lady Murdered, Presumably by a Party of Tramps.

Augusta, Me., Aug. 18.—Mattie Hackett, the eighteen-year-old daughter of Levi J. Hackett, a farmer of Kent's Hill, a village fifteen miles northeast, was murdered. Four men applied at the house for a meal and while it was being prepared by the daughter Hackett, accompanied by one of the strangers, went to the stable nearby to do some work. While there a scream was heard and running to the road Hackett found his daughter unconscious with a small cord tightly drawn about her neck. Blood was pouring from a deep gash in the head. All the tramps escaped except the one who had gone to the barn.

MORE ABOUT THE FAIR.

The Central Texas Fair directors, in session Thursday night, took up the matter of advertising, and took steps to raise funds for that purpose.

It is well known to the management of the fair that the attractions will be very superior this year, the racing giving promise of being especially fine. Having such a program, procured at great expense, it must be made known to the people, and it was decided to advertise the fair from now on quite liberally.

Mr. Bob Barker, of the Texas racing circuit, will be in Bryan today to help the committee arrange a program for the races. This program will then be printed for wide distribution, so that this part of the fair's attractions may become widely known.

Dr. J. W. Howell, Dr. B. S. Read of Bryan and Mr. Joe Stroop of Cleburne closed a trade last Wednesday for the Johnson & Johnson drug store at Cleburne, Texas, for which they have been on a trade for some time. This store is a very valuable piece of property, and changed hands at a nice figure. Dr. B. S. Read is now in Cleburne and has the management of the business. Dr. Read will move to Cleburne it is thought before long.

The large tarpon fish, which was caught at Tarpon about a month ago, has been mounted for the Elks' club, and is now on exhibition in Parks & Waldrop's show window. It measures five and one-half feet and weighs 110 pounds. Mr. O. E. Saunders was the lucky fisherman.

All men's soft negligee shirts in pongees, mercerized and mohair effects to-day at 1/4 off. Hunter & Chatham. 219

The Central Texas Fair is now in the Texas racing circuit and just as good horses will be here this fall as will be at Dallas or San Antonio. Everybody enjoys the races and they are going to be given something fine this fall.

Merchants of Bryan: Please give out Central Texas Fair catalogues to the people who come into your stores. If you haven't a supply of them, phone one of the newspaper offices and some will be sent you.

NOW IS THE TIME TO GET WELL.

Nature Helps Mi-o-na Cure Stomach
Troubles in Short Order.

The summer months are the best in the whole year for the treatment and cure of stomach troubles. The outdoor life, with natural exercise, the fruit and berries which are so freely eaten, all help to restore healthy action to the digestive organs.

Now when Nature will aid Mi-o-na in curing indigestion and giving strength to the stomach and whole digestive system, is the best time to use this remarkable remedy.

Taken before each meal, Mi-o-na will soothe and heal the inflamed and irritated lining of the stomach and solar-plexus, and strengthen the nerves of the digestive tract. Used at any time of the year, it cures all diseases of the stomach, excepting cancer, but in the summer months it gives health and strength twice as quickly.

If you suffer with headaches, indigestion, flatulency, specks before the eyes, fermentation, heart burn, dizziness, or have a variable appetite, and a general feeling of despondency or weakness, it shows clearly that the stomach is not digesting the food as it should. Instead of the food being assimilated and making rich, red blood and good solid flesh and muscle, it is turned in the stomach into a slimy, fermenting mass that causes gases, distress after eating, and poisonous germs that fill the whole body with poor health.

Just one little tablet out of a 50 cent box of Mi-o-na for a few days, and all this will be changed for the better, and health restored. Ask E. J. Jenkins to show you the Mi-o-na guarantee.

COTTON.

Cotton yesterday: October futures opened at New York at 10.58; high, 10.75; low, 10.58; close, 10.63. New York spots closed at 10.75, being 15 points up from day before. Houston spots 10.50, being 1-8 up from day previous.

SIX DOLLARS

A. B. Gandy of Wellborn visited the Eagle office yesterday.

DID NOT GET HIM.

Mob at Paris, Tex., Unsuccessful in Effort to Secure Negro.

Paris, Tex., Aug. 18.—About 10 o'clock Thursday night a mob of about 300 men appeared before the Lamar county jail and demanded possession of the negro who is charged with having entered the residence of T. P. Collins and attacked one of his daughters.

The mob pounded on the door of the jail and demanded that the negro be given up. Sheriff Carpenter replied that he would not do so and warned them to stay away. He told them that if they took the negro it would be at their own risk, as he proposed to defend the jail against any unlawful entrance.

After listening to what the sheriff had to say the mob withdrew and dispersed. At 1 o'clock Friday morning all was quiet.

There is some doubt as to the identity of the negro.

TRANSFER MADE.

Trinity River Project Is Now Located In the Dallas District.

Galveston, Aug. 18.—The formal transfer of the Trinity river project from the Galveston district to the newly created United States engineer's office at Dallas was made Thursday night when Captain Edgar Jadwin forwarded the records, papers and maps to Captain W. A. Wooten, engineer in charge of the Dallas office.

LITTLE GIRL DIED.

Party Charged With Criminally Assaulting Her In Jail.

El Paso, Aug. 18.—Luz Lopez, aged ten years, died Thursday night as a result of injuries. Ignacio Martinez, aged forty years, is in jail, charged with criminally assaulting the little girl. Before dying, the girl told a straightforward story as to the incident. Her mother was away from home at the time the deed is alleged to have been committed.

Engineer and Fireman Hurt.

Beaumont, Aug. 18.—As the result of the smashup of a Gulf and Interstate passenger train just as it was entering the city Thursday night, caused by colliding with flat cars, about 10,000 damages was done. Engineer Collins had both bones broken in his right leg and Fireman Stephenson badly bruised.

School Land Law Free.

Austin, Aug. 18.—The land office now has the new school land law with notes of rules and interpretations ready for free distribution. For the convenience of the public a generous supply will be forwarded to county clerks.

KILL EACH OTHER.

United States Deputy Marshal and Man He Wanted Dead.

Guthrie, Aug. 18.—Ed Shaffer, a deputy United States marshal, was sent into Lincoln county to arrest Dick Simmons, charged with horse stealing. Near Boley, a negro settlement, Simmons stepped from behind a clump of bushes and shot Shaffer down. Raising on an elbow Shaffer shot and killed Simmons and five minutes later was also a corpse.

SLAIN WITH AN AX.

Aged Man Meets This Dreadful Fate at Ravia, I. T.

Ravia, I. T., Aug. 18.—The body of A. J. Stratton, an aged widower, was found lying outside his home here with a blanket over the head. An ax was the weapon used by his unknown murderer. Stratton received nearly \$700 back pension money and carried it on his person. The money is missing.

TEN INNING TIE.

Waco and Dallas Baseball Nines Each Score Five Runs.

In the Waco-Dallas baseball game Thursday ten innings were played, each scoring five runs.

STATE FAIR OF TEXAS DALLAS, TEXAS

SEPTEMBER 30--OCTOBER 15, 1905

ANNOUNCEMENT.

The present organization, known as the State Fair of Texas, stands today without a parallel in the history of fairs. It is owned and managed by some fifteen hundred of the most prominent citizens of Dallas, who have donated the money to build a fire-proof auditorium and exposition building on the Fair Grounds, costing \$100,000 and in addition to this have advanced the princely sum of \$90,000 for premiums, purses and attractions that the Fair of 1905 may go down into history as the largest and grandest event of its kind ever given in the Southwest.

Every stockholder of this institution has signed an agreement to donate his stock for the good of the cause, and under a contract with the City of Dallas, it is agreed that no officer nor director, other than the Secretary, shall receive any compensation for his services and that every dollar earned by this Fair during the next twenty years shall be expended in the effort to make each succeeding Fair better than the last.

The gates of the Twentieth Annual Fair will open at 10 a. m., Sept. 30, 1905, the Fair continuing sixteen days.

During this period the public is assured of sixteen days solid pleasure and recreation, as well as the opportunity of seeing the largest and best display of live stock ever collected together in the South.

The lovers of speed horses are assured thirteen days racing with high-grade horses, competing for purses aggregating \$80,000, and last, but not least, the homeseeker will have an opportunity to examine a complete display of the varied resources and industries of Texas, as well as those of her sister states.

For further information and details address the State Fair of Texas, Dallas, Texas.

Yours respectfully,

STATE FAIR OF TEXAS

C. A. KEATING, President.

SYDNEY SMITH, Secretary.

Dollar bottle holds six times as much as the trial, or 50 cent size.

Sold by EMMEL & MALONEY.

LESS STRINGENCY.

Speakers Favored a Limited Reconstruction of Exclusion Act.

Portland, Ore., Aug. 18.—That the better classes of Chinese are discriminated against to an unwarranted extent, that a less stringent administration of the exclusion law, or, if necessary, a limited reconstruction is advisable, was urged by the speakers on oriental trade at the second day's session of the Transmississippi Commercial congress.

These ideas were brought out with special force by Hon. John Barrett,

JOHN BARRETT.

United States minister to Colombia, and by Theodore B. Wilcox, president of the congress.

Mr. Wilcox asserted that it would be better even to admit a limited number of Chinese laborers into the United States to satisfy China.

Ex-Governor Prince of New Mexico was chosen chairman of the committee on permanent organization and A. F. Francis secretary.

MISSOURIAN MURDERED.

Beaten Over the Head While Answering His Mother's Call.

Bonneville, Ore., Aug. 18.—While answering his aged mother's call to come home, J. L. Anderson of 444 North Prospect street, Kansas City, Mo., was murdered near here. An investigation showed Anderson met his death by repeated blows on the head by a heavy piece of iron, but failed to elicit any motive for the crime nor any clue to the murderer. A letter in a pocket contained an appeal from his mother at Kansas City to come home. Anderson was about twenty-two years of age and though bearing signs of tramping he had been neatly dressed.

CONFERENCE ENDS.

American Reciprocity Tariff League Is Name of Organization.

Chicago, Aug. 18.—The reciprocity conference called to devise means of bettering the trade relations between the United States and foreign countries has finished the work for which the meeting was called; arranged for a committee to prosecute the plans of the convention, and formed a permanent organization styled as the American Reciprocity Tariff League. The committee, which will consist of fifteen members, to be appointed by the chair, was given full power to organize and promote the work for which the convention assembled.

The resolution adopted advocated a maximum and minimum tariff as a means of relieving the situation with which this country is confronted, and suggested that such reciprocal concessions be arranged by a tariff committee, to be created by congress and to be appointed by the chairman.

Governor A. B. Cummins of Iowa in a speech full of fire and eloquence hurled defiance at the enemies of reciprocity. Mr. Cummins brought the audience under his spell and except when interrupted with applause, he held full sway for three-quarters of an hour.

Diagnosed as Typhoid.

New York, Aug. 18.—Physicians at the Norwegian hospital at Brooklyn deny that John G. Murphy, a laborer taken to the institution Wednesday from a First avenue tenement, was suffering from yellow fever, as stated. His case has been diagnosed as typhoid fever.

Three Negroes Hanged.

Memphis, Aug. 18.—John Champion, James Norfleet and General Bone, three negro murderers, were hanged in the jail yard here Friday. There was no untoward incident attending the executions.

REFUSES DEMAND.

Sultan of Morocco Declines to Accede to French Minister's Wishes.

Fez, Morocco, Aug. 18.—The sultan has declined to accede to the demands of the French minister for the payment of an indemnity and the release

LEPERS BEGGING IN THE STREETS OF FEZ, MOROCCO.

of the chief of the Algerian settlement at Gharb, who was arrested in consequence of local troubles. The sultan claims jurisdiction over all Algerian settlers in Morocco. The incident may lead to important developments.

YELLOW FEVER STATUS.

Reports From Infected Parishes Are Coming In Regularly.

New Orleans, Aug. 18.—Following is the official yellow fever report up to 6 o'clock Thursday evening: New cases, 77; total, 1223; deaths, 4; total deaths, 180; new sub-foci, 14; total sub-foci, 262; number of cases under treatment, 427.

While the daily record of new cases shows a tendency to rise slowly, the deaths are still few, which stimulates the hope for better things before long. Twenty-three of the new cases were reported by one medical inspector, while the district surgeons have been turning them in in batches of two to half a dozen. Only three of the new foci are above Canal street. One of the new cases is in Bucktown, at the upper end of West End and while on the edge of Jefferson parish line, is counted in New Orleans. There are no well known names in the list.

The most important news outside of the city came from La Fourche parish, where the health officer reports widespread infection in the Laeville settlement at the mouth of Bayou La Fourche. He says there are probably a hundred cases of sickness there and he saw about one-third of them. He diagnosed six as yellow fever and classed the others as either a mild type of yellow fever or dengue. This point is eighty miles south of the Southern Pacific road. The inhabitants are mostly fishermen and oyster men and they have been in close communication with New Orleans.

Dr. A. J. Montz took immediate charge of the situation at Terre Haute plantation, in St. Charles parish, and reported two cases. Dr. Bienville has been sent to La Place, in St. John parish, where twenty one cases were found Wednesday.

A case was found in Raine, in Arcadia parish, just across the street from the case discovered there Wednesday.

Five new cases were reported from Patterson and no deaths. The emergency hospital there discharged three patients as cured and now has eleven patients.

The infected Italians at Reserve plantation in St. Charles parish have been removed to temporary hospitals and it is hoped to stamp out the infection there.

No more cases have developed at Bon Ami.

Alexandria's case, reported Thursday, is in a critical condition. The people there have asked the governor to induce the marine hospital service to take charge of the situation for them.

The one case at Lafayette is doing well and there have been no others.

A dispatch for Gulfport says that there are four new cases at Mississippi City, making thirteen now under treatment. One of the patients is in a critical condition.

The mayor of Gulfport has appointed four physicians to make a house to house canvass of that town. The discovery of this nest of infection on the Mississippi coast of such long standing has caused a good deal of perturbation in Mississippi and there is now a fear that cases may appear where least expected.

Surgeon White has been notified of another marine hospital service surgeon to assist him, who will arrive in a few days. He is anxiously awaiting the arrival of Dr. Von Emdorf from Colon.

Against Gulf Coast.

Jackson, Miss., Aug. 18.—On account of the appearance of yellow fever at Mississippi City, Jackson has quarantined against the entire gulf coast. This ties up the Gulf and Ship Island railroad, but it is stated that the railroad officials will arrange for a service between Jackson and Hattiesburg.

One Hundred Lives Lost.

Sydney, N. S. W., Aug. 18.—Confirmation of the report that the Marshall Islands were visited by a hurricane and tidal wave on June 30, has been received here. One hundred lives were lost.

Contrasted Types.

The outspoken romance of the German is sometimes trying to those of a different habit. The author of the traveling notes called "From a Holiday Journal" describes a young girl whom she met at a German bath, a pretty, doll-like creature, named Marie, who knew how to sit still and do nothing all day long.

Presently it was discovered that Marie had a lover. She disclosed the fact boldly.

"My brautigan is young, handsome, rich," she said proudly, looking up to a tall English girl of seventeen. "And have you not a bridegroom too? Or did you never have one?"

The English girl had never before felt the humiliation caused by the lack of a bridegroom. So she shamefacedly confessed that some one liked her, only this spring, but—

"But you do not love him," interrupted the German girl in loud but very bad English. "Oh, I love my treasure so! I love him so!"

The English girl shuddered and blushed to the roots of her hair. The words had been distinctly spoken and had evidently proved very amusing to a party of English in the vicinity.

"Oh," she implored, "would you mind saying 'like' instead of 'love' next time? We never say 'love' in English. We have no such thing!"

How She Died.

A minor poet who talked of his lady's person being "curiously mixed" would not be enthusiastically reviewed nowadays. But so startlingly beautiful was the lady in question, one Susanna Perwich, who died of rheumatic fever at Hackney on July 3, 1861, "in the flower of her age," that these lines in praise of her have not only been preserved, but they have even escaped classification with nonsense verse. This explanation is, perhaps, necessary before quoting the inspired account of her death:

Behold, damp sheets
 Cling close about her in the bed,
 At which she, waking, said, "I'm dead!"
 Shall I the careless maid go blame
 And tell her what a horrid shame
 It is that by her negligence
 So choice a one is lost from hence?
 —London Chronicle.

Dancing.

It is quite usual after a ball to find that the action of the heart shows traces of fatigue, particularly in delicate young women, who complain of a vague sensation of uneasiness, sadness and even of pain and are, in a word, in a peculiar condition that is not yet disease, nor is it health—much nearer the former than the latter. Diseases caused by dancing are commoner in women than in men. The most frequent are laryngitis, particularly in women who talk a great deal while dancing; colds, bronchitis and sometimes pneumonia and pleurisy. Dancing should be absolutely forbidden in all cases of consumption, which may assume a very rapid form from this cause. It is counter indicated as well in all cases of heart trouble.

Egyptian Styles of Writing.

The Egyptians had four separate and distinct styles or forms of writing—the hieroglyphic, the hieratic, the enchorial and the Coptic. The hieroglyphic was probably in use as early as the year 4000 B. C. and at first was made up entirely of pictures. About the year 2000 B. C. the hieratic form or style was introduced. In this the picture hieroglyphs were greatly simplified, finally developing into forms purely linear. The enchorial form of writing was in use among the Egyptians from about the year 700 B. C. until about the year 200 A. D. and was still a further simplification of the earlier forms, which finally developed into the alphabetic form known as the Coptic.

The Horse's Failing.

Hans, the ruralist, was in search of a horse.

"I've got the very thing you want," said Bill Lennox, the stableman—"a thoroughgoing road horse, five years old, sound as a quail, \$175 cash down, and he goes ten miles without stopping."

Hans threw his hands skyward. "Not for me," he said, "not for me. I wouldn't gif you 5 cents for him. I live eight miles out in der country, und I haf to walk back two miles."—Norman Voice.

Getting Specific.

Bifferly—When you and your wife were first married you used to call each other "birdie," didn't you? McSwat—Yes. Bifferly—Do you still do it? McSwat—Well, I call her a parrot and a magpie, and she usually refers to me as a jay.—Exchange.

The Self Possessed Bride.

One is in the habit nowadays of seeing brides absolutely self possessed, almost jocose, laughing and smiling and nodding to their friends. Mothers and sisters never cry nowadays at parting. —Lady Violet Greville in Graphic.

Oddities.

Because a man cannot hear a dew drop is no sign that he is deaf, nor is it a sign of blindness because he never saw a horse fly, a board walk, a stone fence, a dog's pants, a rope walk or a clam bake.

Her Abilities.

"Do you believe there is anything in mind reading?"
 "If there isn't, my wife's an awful good guesser. She never has to wait for me to do any confessing."—Chicago Record-Herald.

The Kiss Feminine.

Brother—Which one of those Penton girls is it that you don't like? Sister—Sssh! Some one might hear you. When the crowd comes up I'll kiss her twice. —Illustrated Bits.
